

Scenario-Based Training, Can You Relate?

Learn how scenario based training can increase your student's comprehension and visualization of all aspects of flight. Studies suggest that the inclusion of real-world scenarios and problem solving exercises increase student higher order thinking. This seminar is open to all Flight Instructors, pilots, student pilots and recreational pilots. Don't miss it. Click on the link below and register TODAY.

Directions: Please preregister. If weather is inclement, call (610) 595-1500 ext. 240 for cancellation notice.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
